

Construction Notification

Dear Neighbor:

Elizabethtown Gas is committed to bringing safe, reliable and affordable natural gas to our customers and to improving the natural gas pipeline system in our communities.

We wanted to make you aware that, in the coming weeks, a qualified contractor representing Elizabethtown Gas will replace and upgrade the natural gas system in your area.

The work in your area is part of the company's ongoing pipeline replacement program to replace aging mains and services. This will allow for increased safety and reliability of Elizabethtown Gas' natural gas delivery system.

Work in your community may include traffic impacts, limited street parking, loud noise and the presence of heavy equipment. We realize that construction activities are rarely a welcome sight, but we appreciate your patience and understanding as we work to bring these important improvements to the natural gas delivery system in your neighborhood.

For more information, please visit elizabethtowngas.com/neighborhood. If you have additional questions or any concerns regarding this project, please call our Project Hotline at **866-767-5558** or email us at etgprojects@sjindustries.com. All inquiries will receive a response within one business day.

Sincerely,

Elizabethtown Gas

PLEASE RETAIN THIS LETTER FOR FUTURE REFERENCE AND CONTACT INFORMATION.
